

Subject Index

Volume 53

- Absorptiometry**
 dual-energy x-ray, body fat in elderly subjects, 1117
 dual-photon, bone mineral density in postmenopausal women, exercise and dietary calcium supplementation and, 1304
 single-photon, bone mineral density in postmenopausal women, exercise and dietary calcium supplementation and, 1304
- Abstracts**
 ASCN Nutrition Educators' Symposium and Information Exchange (1990), 591
 ASCN 31st Annual Meeting, P-13/March 1991
- Acetate**
 colonic, interaction with propionate, 681
 metabolism, CO₂ production and TCA cycle (*letter*), 981
 2-Acetylaminofluorene, hepatocarcinogenesis, tocotrienols and (rat), 1076
 Achlorhydria, calcium absorption and fiber intake and, 1480
 Acidic α -D-mannosidase, plasma, zinc status and, 1295
 Adenosine triphosphatase, sodium-potassium, in Pima Indians, 1577
 Adipocytes, morphology, in Pima Indians, 1577
Adipose tissue
 fatty acid composition
 long-term TPN and, 1487
 relation to diet and plasma lipids in hemodialysis patient, 469
 weight gain/loss and, 1372
 isomeric fatty acids in, cardiovascular risk factors and, 474
- Adiposity**
 bone mass and, 1378
 breast cancer and (*letter*), 798
 central, non-insulin-dependent diabetes and, 1312
 measurement, 839
 in Samoans, 1586
- Adolescence**
 obesity in minority populations, prevention, 1625
 thiamin status of incarcerated and nonincarcerated males, 1471
- Age/aging. See also Geriatric population**
 body composition and, 1378
 bone mineral density in premenopausal women and, 132
 cardiovascular risk, vitamin C and, 322
 energy expenditure and, 821
 fat-free mass:height ratio and, 1112
 immune response and, 1275
 oxyradicals in, antioxidants and, 373
 plasma amino acid concentrations, 1249
 vitamin E and, 1050
- AIDS**
 malnutrition in, enteral nutritional support, 149
 resting energy expenditure in, 437
- Air pollution, vitamin E and, 1050**
- Alaskan Natives, obesity in, health implications, 1616**
- Alcohol consumption**
 body fat distribution and, smoking, dietary intake and physical activity and, 1104
 serum hormone concentrations in women at climacteric and, 166
 thiamin status and, in adolescent males, 1471
- Alcoholism, thiamine deficiency and, transketolase activity and (rat), 100**
- Algae, vitamin B-12 bioavailability, 695**
- Aluminum, in parenteral drug products, ASCN/ASPEN statement in response to FDA notice of intent, 399**
- American Indians. See also Pima Indians; Zuni Indians**
 obesity in, 1535
 health implications, 1616
- American Society for Clinical Nutrition, Nutrition Educators' Symposium and Information Exchange (1990), 587**
- Amino acids**
 immunity and, 1087
 plasma
 in healthy elderly subjects, 1249
 normal values, 1249
 in PKU heterozygotes, meal studies, 670
- Amylase inhibitor. See Trestatin**
- Angiotensin-1-converting enzyme, plasma, zinc status and, 1295**
- Animal models**
 carcinogenesis, mutagenesis and immunoenhancement, carotenoids in, 238
 ischemia-reperfusion injury of gastric mucosa, 210
- Anorexia nervosa, total daily energy expenditure and activity level in, 1143**
- Anthropometry**
 acute lower respiratory infection and growth, 963
 body fat in elderly subjects, 1117
 body fat in obese white females, 7
- Antidepressants, tricyclic, binge-eating behavior and, 865**
- Antioxidants. See also Vitamin A; Vitamin C; Vitamin E**
 aging and, 373
 in blood, smoking and, vitamin E supplementation and, 1061
 cancer prevention and, 226, 305
 carcinogenesis and, 238
 for cataracts, 335
 defense systems, 194
 disease prevention and, 189, 391, 394
 immunocompetence and, 383
 in inflammatory synovitis, 362
 lipid peroxidation and, 201
 plasma, mortality from ischemic heart disease and, 326
 premalignant lesions and, 386
 protective role in biological systems, 1050
 role in modulation of oxidant stress mediated by cigarette smoke-activated phagocytes, 358
 supplementation, platelet function and, 1222
- Apolipoprotein A-I**
 fatty acid P:S ratio and, 655
 in kwashiorkor, 512
- Apolipoprotein A-II, in kwashiorkor, 512**
- Apolipoprotein B**
 in familial hypercholesterolemia, soy-protein diet and, 1191
 in kwashiorkor, 512
 plasma, dietary tocotrienols and (pig), 1042
- Apolipoprotein E, in familial hypercholesterolemia, soy-protein diet and, 1191**
- Appetite**
 exercise and, 27
 intense sweeteners and, 872, 1159
- Arachidonate, phospholipid, obesity and weight loss and, 831**
- Areca nut. See Tobacco chewing**
- Arrhythmia**
 dietary fats and oils and (rat), 1047
 very-low-calorie diet and, 854
- Arteriosclerosis, dietary oils and fats and, 989**
- Arthritis**
 hypoxic-reperfusion injury and, antioxidants in, 362
 vitamin E and, 1050
- Artificial sweeteners. See Sweeteners, intense**
- Ascorbic acid. See also Vitamin C**
 gastric juice, gastric carcinogenesis and, 287
 inhibitory effects of phenolic compounds on iron absorption and, 554
 inhibitory effects of polyphenols and phytates on iron absorption and, 537
 requirements for smokers, 1466
- Aspartame**
 effect on hunger, food intake, and body weight, 872
 hunger and food intake and, 1159
 tyrosine hydroxylation in retina and (rat), 923
- Atherosclerosis**
 adipose tissue isomeric fatty acid concentration and, 474
 LDL oxidation and, 206
 vitamin E in, 314
- Atwater lecture, science and practice of nutrition: reflections and directions, 413**
- Barley foods, plasma cholesterol and, 1205**
- Behavior, dietary**
 geophagy and, 448
 obesity classification, 1151
